## MESSAGE from the President

The Governor Wentworth Arts Council is pleased to announce our incoming board for 2019-2020; President Jerome Holden, Vice President Lauren Hammond, Secretary Judi Lemaire, Treasurer Lorrie Drake. *(see photo)* We welcome Lauren Hammond as the newest member of the GWAC board! Our board was voted in at the June 2nd Annual Pot Luck held at the Great Hall in the Town Hall of Wolfeboro.

The Arts Council membership renewal is underway – July 1 is the start of our fiscal year with membership dues by that date. This year we are transitioning to an annual traditional year of Jan 1 to Dec 31 by 2021, which means we are extending our membership 18 months with dues increasing for individuals/families to \$35 and businesses/organizations joining at the \$50 level for this one time. Please be sure to make checks payable to: GWAC and mail to Membership chair: J. D'Onofrio, 17 Grove St. Wolfeboro, NH 03894. Please call if you have any questions 603-569-0078 or email: [j@virgodesignstudio.com](mailto:j@virgodesignstudio.com) We are also able to take your membership and donations on our website via PayPal. Membership is open to anyone who wishes to support our local arts scene!

GWAC artists are displaying and selling their work at three locations here in Wolfeboro; near the solarium on the first floor of Huggins Hospital, at Meredith Village Savings Bank and in the window at Melanson's Gun Closet (across from Jo Greens). The artwork is diverse and available for purchase see the display details at each location. We thank each location for their support of bringing the arts to the public.

Our fundraising efforts have enabled us to present grants and scholarship funds in the community. There have been awards to three local area students to further their art education for a total of \$1,500 from this fiscal year. Plus 2 additional grants have been given to arts organizations this past fall (Northeastern Ballet Theatre and the Kingswood Regional High School Theater program) to support their creative endeavors. Funds are awarded each year after an application form has been completed by the individual and sent to the GWAC for consideration. The applications can be found on our website; [www.wolfeboroarts.org](http://www.wolfeboroarts.org).

Coming up - PAINT Wolfeboro, August 14 (rain date Aug 15) for a full day of plein aire painting downtown Wolfeboro. *(see page 6 for details)* The event is open to the community to view, participate and purchase new art on the spot and at days' end in Cate Park by 3pm.

## Kay Nielsen's Enchanted Vision

The Kendra and Allan Daniel Collection

July 20, 2019 – January 20, 2020

*Enter a world of beauty from the mind of a rare visionary*

Luminous and often haunting, Kay Nielsen's interpretations of classic fairy tales are among the most celebrated book illustrations of the 20th century. Showcasing more than 45 dramatic watercolors, drawings, and illustrated books from the Kendra and Allan Daniel Collection, "Kay Nielsen's Enchanted Vision" celebrates the Danish artist's significant achievements in illustration while highlighting some of his work in theater design and animation.

Born in Copenhagen and educated in Paris, Nielsen (1886–1957) gained international recognition for his exquisite gift book illustrations, notably his masterpiece *East of the Sun, West of the Moon* (1914), a collection of Norwegian fairy tales. In contrast to some of his contemporaries, Kay (pronounced kigh) Nielsen often focused on the melancholic or dramatic elements of tales, creating memorable visual sequences reflecting themes of love, passion, loss, and death.

## The Expansion of Cubism, 1911-1920

June 28, 2019 to October 6, 2019

The Expansion of Cubism, 1911-1920 brings together painting, sculpture, and works on paper by pioneering Cubist artists such as Fernand Léger, Marie Laurencin, Jean Metzinger, and Max

Weber, in an examination of the vibrant intellectual and artistic exchanges that helped define one of the landmark styles of Modern art. Though Cubism is often associated with the innovations of its founders Pablo Picasso and Georges Braque, the two artists were far from alone in developing the aesthetic. Instead, a diverse and international group of painters, sculptors, printmakers, and theorists formed a robust community in Paris, making art that defined Cubism in expansive and challenging terms. As these artists created a revolution in picturing the world, they reacted to (and in some cases, against) Picasso and Braque as they sought new visual strategies to address their changing realities.
